## BIOGRAPHY:

**Tongue Tied Twin** is a far travelled outlaw one man band who plays dirty blues and wild garage rock'n'roll with loads of infectious positive energy. Famous for distorted bottleneck slide guitar riffs played on handmade guitars, accompanied by stomping kickdrum, battered hi-hat and overdriven vocals along with some wailing blues harp, **Tongue Tied Twin** will blow your mind. This one man alone is delivering the power and noisy presence of a full band, and he's doing so with a big smile on his face.

**Tongue Tied Twin** builds all of his guitars and other weird stringed instruments himself and brings cigar box guitars, canjos, an electrified suitcase kickdrum, a primitive loop-station megaphone among other things.

... some guitars come with pyrotechnics!

**Tongue Tied Twin** is working closely together with the underground Poet and Lyricist Ian Bazzard (a.k.a. Lyrical Jesus) from Cardiff in Wales. The majority of the T.T.T. Songs are written together by the two of them.

**Tongue Tied Twin** performed in Switzerland, Germany, Austria, France, Belgium, Netherlands, England, Wales, Scotland, Serbia, Croatia, Portugal, Italy and Lichtenstein.

**Tongue Tied Twin** can also sometimes be found busking on the city streets of Europe - kicking the suitcase and sliding on his handcrafted instruments.

Tongue Tied Twin is featured in  
"HEAD, HANDS & FEET"  
A Book of One Man Bands by Dave Harris

A beautiful more than 400 page long book about the one man band scene, past and present.

In der grossen weiten Welt da draussen gibt es einige Blues und primitive Rock'n'Roll One Man Bands welche die musikalische Messlatte sehr hoch anlegen! Der Winterthurer Blues Trasher alias **Tongue Tied Twin** ist ebenfalls einer von diesen Ein-Mann-Orchestern die uns mit ihrem energiegeladene und wilden Rock n Roll immer wieder beglücken! Der gute T.T.T. wird uns mit seinen schmutzigen Slide-Gitarren-Riffs auf seinen selbergebaute Gitarren, mit Hi-Hat, Kick-Drum, Bluesharp und Megaphon mächtig eins auf die Mütze geben!

**Tongue Tied Twin.**

"Ce monstre d'énergie positive arrose son public d'un blues fulgurant. Impossible de rester sans bouger devant les rythmiques entraînantes. Harmonica, guitare saturée et batterie, c'est l'arsenal du démon."

More in dept information...

**Tongue Tied Twin** started to play guitar at the age of 12 and always played in live bands since he was 15 years old.

He learned how to hit the guitar hard and fast in his early 20's while playing in a wild crossover hardcore band in Zurich, Switzerland.

Then he moved to Wales and joined a garage rock band and got signed by a London based record label. After 4 years of mediocre success the band split, the money run out and T.T.T. returned to Switzerland.

However the connection to Wales still remains strong, as **Tongue Tied Twin** keeps on working on Projects with welsh musicians up to this day.

In 2004 **Tongue Tied Twin** bought his own drum-kit and started to play one-man-band-style without really knowing what he was doing.

The first public one man band performance came in 2007 as part of a street theatre group playing at the "Theaterspektakel" festival in Zuerich.

After his son was born in 2008 he quit all other bands and devoted his time fully to this solo traveling outlaw one man band and never looked back since !!
